The WASH Digital Laundry Room

Mobile App+Credit Card Bundle

WASH

Mobile App Plus Credit Card Payment at the Machine

With the WASH digital laundry room mobile+credit card bundle, residents get their choice of easy-to-use mobile or credit card payment at the machine.

WASH-Connect Mobile Pay and Credit Card

Mobile and Credit Card Payment – Residents can pay using the free WASH-Connect mobile app, available for Android or iPhone, or with a credit card at the machine.

CleanReader Ultra LX – Secure card readers—swipe and EMV chip card ready are installed on the washers and dryers for fast accurate payment with built-in Bluetooth for use with the WASH-Connect mobile payment app.

Cycle Alerts – Get real-time notifications when your laundry is done.

Fast and Secure Refunds – Request refunds and receive credits directly to your in-app wallet.

Revenue Uptick – Mobile pay drives more laundry room income.

Security – No point of insertion or coin drop for vandals; removes cash from the laundry room. For mobile payment, no personal credit card data or numbers are stored in the app.

Regular App Updates – Optimizes ease of use and continually improves functionality.

Get Connected for Cloud-Based Monitoring and More Great Features!

WASH

Ultra LX – Ultra delivers the flexibility residents demand. With its chip card ready, pay-at-the-machine capability, Ultra allows residents freedom from carrying a laundry card, as well as a balance on that card, for true, pay-per-use capability. Plus, it has built-in Bluetooth configuration to use the WASH-Connect mobile app.

Room View – Residents get a virtual view of the laundry room activity so they can remotely check on available machines, those that need service and those in use, from anywhere.

Cycle Alerts – Get real-time notifications and alerts when laundry is done.

Performance Reporting – With real-time reports, management can easily track machine usage, revenue, payment methods and overall room performance.

Error Reporting – Receive error code notifications to minimize downtime.
