

Welcome

to the Future of Laundry

Congratulations! Your washers and dryers are being upgraded to accept WASH-Connect, our powerful mobile payment app that makes doing laundry a breeze. Residents can now simply download the app, add funds and pay for laundry with their smartphones. In addition to the app, residents also have the option to use credit and debit cards right at the machine.

We're Here to Support You

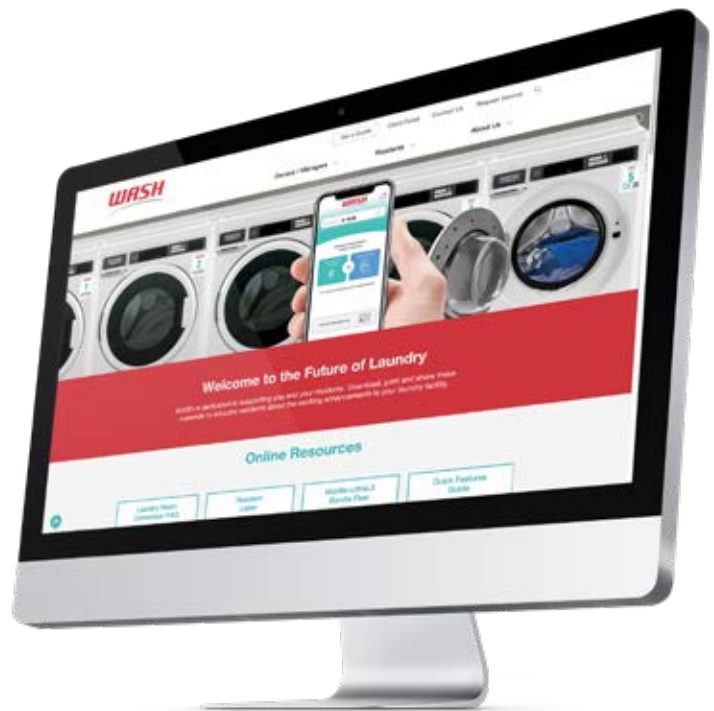

We want to make the transition for you and your residents as smooth as possible. We have an online portal full of resources available 24/7.
